FROM

MR. SIDNEY PRESTON, C.I.E.,

SECRETARY TO THE GOVERNMENT OF INDIA.

To

The Joint Secretary to the Government of Madras,

Public Works Department, Irrigation Branch.

Simla, the 4th May 1905.

Sir,

I am directed to acknowledge the receipt of your Memorandum No.314 I., dated the 20th March 1905, forwarding for information a copy of the Proceedings of the Government of Madras, approving the recommendation of the Chief Engineer for Irrigation for the acceptance of the tender of Messrs. Ransomes and Rapier for the supply of Stoney sluices for the regulator on the Periyar right bank escape.

2. With reference thereto, I am to point out that under paragraph 2(ii), Appendix 30 of the Public Works Department Code, Volume II, such an order should be placed by indent on the Stores Department of the India Office, so that the iron work may be inspected before it is sent out and the opinion, expressed in paragraph 3 of my letter No.242 C.W.I. dated 13th February 1905, that the gates should be obtained from Messrs Ransomes and Rapier was not intended to authorize a departure from the rules for obtaining articles from England. I am accordingly to request that an indent may now be sent to the Director General of Stores, stating the special circumstances in which it is desired that the order be

(P.W.C.No.4481) from the Government of India, No.580-I, dated 4th May/05.

D.I.

It is submitted that no departure has been made from the prescribed rules for obtaining articles from England as surmised by the Government of India. In O.N.No.943 dated 20th March 1905 a copy of G.O., No.313-I, dated 20th March 1905 accepting the offer of Messrs Ransomes & Rapier was forwarded to the General Superintendent, P.W.Workshops and he was asked to have a home indent in the usual form prepared and submitted for approval and transmission to the Director General of Stores, India Office.

Q.

A

The indent submitted by the General Superintendent is lying over pending receipt of the reply to the letter to the Government of India regarding the question of the provision of funds.

x but this letter was not sent.

As the letter of the Government of India contains only a suggestion to the Local Government and as the order for the sluices will be given only through the India Office, it is submitted that this letter may lie over pending the receipt of the sanction of the Government of India to the additional grant applied for for the Periyar regulator.
